Hazel Robertson was welcomed in her capacity as interim Board Secretary and David Elder, who had been re-elected as VP of the Students' Association was welcomed back as a Committee member.</p> <p>The Chair reminded the Committee that he was only the interim Chair and encouraged members to consider the void. 47/19	<p><u>Apologies for Absence</u></p> <p>Apologies for absence were received from Sara Shinton, Virginia Grant, Dave Black and Ann Letham.</p>
48/19	<p><u>Minutes of meeting held on 30 May 2019 (Paper A)</u></p> <p>The minutes of the meeting held on Thursday 30 May 2019 were agreed as a true and accurate record.</p> <p>The Committee requested an additional column to be added to the action log to show the status of the actions. This would save time in meetings.</p> <p style="text-align: right;">ACTION: SMc</p>
49/19	<p><u>Matters Arising</u></p> <p>All actions were complete.</p>

50/19	<p><u>Declaration of any Conflicts of Interest</u></p> <p>There were no declarations of any conflicts of interest.</p>
51/19	<p><u>Register of Interests Update</u></p> <p>The student member noted that he was now on the Board of Scottish Borders Housing Association.</p> <p>N Broderick noted that she had taken up a part time teaching post at the University of Glasgow.</p> <p>The Registers would be amended accordingly.</p> <p style="text-align: right;">ACTION: SMc</p>
52/19 and 65/19	<p><u>Skills Alignment Project (Paper B) / Future Skills Action Plan (Paper L)</u></p> <p>The Skills Alignment Project was linked to the Future Skills Action Plan so these items were discussed together.</p> <p>The Principal reported that all regions were to undertake a skills alignment in line with their Regional Skills Assessment. Borders College and Dumfries & Galloway College had been selected to pilot a joint skills alignment project whereby they would work with SFC and SDS to implement an Enterprise & Skills Strategy for the South of Scotland. It was anticipated that some funding would be allocated to complete the programme.</p> <p>A diagram showing posts and activities was provided. Members of the College staff would be involved in leading project areas across the South of Scotland. The project would run from January – June 2020. This project was being approached as a South of Scotland project, which could create governance issues for Boards in the region if it was proposed that the character of the organisation was changed as a result of the recommendations. Therefore, the outcomes would need to be agreed by respective Boards before going forward. The Principal was meeting with the Principal of Dumfries & Galloway College and SDS in the next few weeks to progress,</p> <p>The project was complicated and there were risks involved, i.e. some areas of delivery could be considered over-subscribed and others underdeveloped. Going forward, colleges' funding would be based on regional priorities and it would be necessary to create an offer aligned to the Regional Skills Assessment; however actions would not be agreed without seeking Board approval.</p> <p>Committee members considered that clarification was required regarding the Governments view of the relevant priority to be given to economic need versus individual need when deciding on curriculum provision.</p> <p>Paragraph 2 of the paper would be amended for consistency.</p> <p style="text-align: right;">ACTION: AC</p>

	<p>The Board approved the project itself but not the implementation of its outcomes.</p>
53/19	<p><u>Draft Executive Summary of Self-evaluation Report 2018-19 and Evaluative Report Update (Paper C)</u></p> <p>The Director of Business Improvement and Performance presented the report, explaining that the self-evaluation exercise was not a requirement at this stage. The College had chosen to undertake the exercise to measure progress against the grades awarded the previous year.</p> <p>SLT had concluded that the College was still achieving Good and Very Good grades against the three key principles. Measures adopted around delivery of learning and services to support learning were in very early stages and the grade could not yet move to Very Good. The position was expected to improve by the end of the year.</p> <p>SFC had issued Guidance for the Outcome Agreement 2020-21. Embedded within this was guidance on self-evaluation of outcomes from 2018-19, which required an additional report to be submitted to SFC by 31 October. This was currently being prepared and would be circulated to the Board for electronic approval ahead of that date.</p> <p style="text-align: right;">ACTION: JR</p> <p>The Committee considered that report and suggested the following amendments:</p> <ul style="list-style-type: none"> • Methodology, 4th para – change <i>Student Engagement Committee</i> to <i>Student Experience Committee</i> • Appendix 3 – to add the South of Scotland work with Dumfries & Galloway College <ul style="list-style-type: none"> - Q1 2.2 – areas for development – to be amended slightly - Q1 2.3, 2nd bullet – change “<i>some staff effectively use...</i>” to “<i>the majority of staff...</i>” - The pages would be numbered - Q1 2.4 – suggestion to include Achievement Coach role (this may be included in another section) - Q1 3.2, 2nd last bullet - typo <p>The Chair commended the very readable report.</p> <p>The Committee approved the report.</p>
54/19	<p><u>Annual Report of Curriculum and Quality Committee to the Regional Board (Paper D)</u></p> <p>The annual report 2018-19 was approved. The report would be presented to the Regional Board on 5 December.</p>
55/19	<p><u>Curriculum and Quality Committee Terms of Reference (Paper E)</u></p> <p>The VP Curriculum and Student Services presented the Terms of Reference for consideration.</p>

56/19	<p><u>Targets for Learner Satisfaction Survey (Paper F)</u></p> <p>The Director of Business Improvement and Performance presented a proposal for an approach to setting targets for the annual Learner Satisfaction Survey.</p> <p>The approach involved using past trends, national averages and previous performance.</p> <p>It was noted that the underlying principle should be to seek an incremental improvement annually, with the degree of increase established at the judgment of College management.</p> <p>Members agreed with the proposed way forward and the Director of Business Improvement undertook to bring the revised targets to a future meeting.</p> <p style="text-align: right;">ACTION: JR</p>
57/19	<p><u>Mental Health Strategy (Paper G)</u></p> <p>The VP Curriculum and Student Services presented the Mental Health Strategy, which had been amended to take into account the feedback from the previous meeting.</p> <p>A mention of staff in section 4.2 would be removed. The fact that 24 class reps had received mental health training would be added to the Measure of Success column under 4.3.</p> <p>It was noted that improvement to student mental health had not been captured. Feedback would be sought from students and use of the Big White Wall would be evaluated.</p> <p style="text-align: right;">ACTION: HA</p> <p>The Committee agreed to recommend approval of the Mental Health Strategy to the Regional Board with the above amendments made.</p>
58/19	<p><u>Risk Register (Paper H)</u></p> <p>The interim Board Secretary presented the updated Risk Register and summary page, which provided detail on the risks above target and risks to be closed. She advised that the skills alignment work may need to be considered as a risk in due course.</p> <p>The Committee noted the content of the Risk Register.</p>

59/19	<p><u>Student Performance Report 2018-19</u></p> <p>The VP Curriculum and Student Services presented the Student Performance report for 2018-19.</p> <p>Overall there had been a slight decline in learner success by 0.2% from the previous year which equated to 1 HEFT student and 8 FEFT students. This information would be added to the summary.</p> <p style="text-align: right;">ACTION: HA</p> <p>The College continued to perform well against sector average. Colleagues from other colleges had also indicated a reduction in PI's for 2018-19. The courses identified as a Course for Concern the previous year had all improved their learner success in 2018-19.</p> <p>The percentage of students reporting mental health issues had increased by 39% compared to the previous year. The Big White Wall and a 24-hour online counselling service were now in place to help address mental health issues. 7 students had left College already this year due to mental health. There was also an increase in students seeking learning support. The Committee requested, in terms of courses, that a check be carried out to see if there was any correlation between declared mental health issues and course achievement.</p> <p style="text-align: right;">ACTION: HA</p> <p>Tracking and monitoring checks had been increased from 4-weekly to 2-weekly. A new student behaviour and discipline policy had been introduced and was being consistently applied. Annual health checks had also been introduced and some courses with serious concerns had been put into intensive care.</p> <p>Many of the behavioural issues were related to school courses, although it was noted that the Hospitality class this year was exceptional. It was hoped that the new discipline procedure would have a positive impact. The previous year, disruptive students had a negative impact on groups and some good students had been lost.</p> <p>Information would be available at the end of January to determine whether the College was in the top quartile.</p>
60/19	<p><u>Enrolment Report (Paper J)</u></p> <p>The VP Curriculum and Student Services presented the Enrolment Report 2019-20.</p> <p>She reported that the College had set challenging targets. FE full time enrolments were above target but there was a shortfall in relation to HE full time. Further FE courses would be starting in October and January.</p> <p>The following areas for concern were brought to the attention of the Committee:</p> <ul style="list-style-type: none"> • HND Childcare Practice Year 2 – 14 students had accepted places but did not take them up, going either into work or on to university.

	<ul style="list-style-type: none"> • Gamekeeping – only 6 students had enrolled across all levels. <p>A proposal to discontinue Gamekeeping as a full-time programme and replace with Conservation and Estate Management was agreed by the Committee.</p> <p>Gamekeeping would continue through the apprenticeship route.</p> <p>The future of HNC's and HND's would require consideration by the Regional Board.</p> <p style="text-align: right;">ACTION: AC</p>
61/19	<p><u>Corporate Parenting Progress Report</u></p> <p>The VP Curriculum and Student Services advised that a Corporate Parenting training session would be available for new staff and Board members in January.</p> <p>The College was performing well against targets as a Corporate Parent.
